THE NEWS OF THE WEEK. A Daily Resume of Important Happenings.

June 30.

President Hadley, of Yale, announced at the alumni dinner yesterday afternoon that John D. Rockefeller had given \$2,000,000 to the institution. The announcement was received with applause.

The Special Committee of both houses to which has been referred the Swedish Government bill looking to a settlement with Norway elected Herr Lundberg, vice-president of the First Chamber, as chairman, and Herr Fehrmann, vice president of the Second Chamber, as deputy chairman.

The President yesterday made an address at the alumni dinner of Harvard University in which he discussed the work of educational institutions and the duty of graduates. In connection with the latter he strongly inculcated the idea that the alumni should unceasingly strive to promote respect for and obedience to the law as well on the part of the rich as of the poor.

The crew of the Russian battleship, the Black Sea, captured at Odessa because of bad food and the officers of the ship are reported to have been murdered and thrown overboard. A dispatch received by a London news agency says all the shipping in the harbor was set on fire and that the mutinous crew fired a shell into the town, killing four Cosacks and wounding seventeen. The American Consul at Odessa has cabled to Washington that the situation is serious.

July 1.

At a meeting of the General Board of Education in New York yesterday it was announced that John D. Rockefeller had given \$10,000,000 for higher educational purposes.

Charles Denby, diplomatic adviser to the Viceroy of North China, who is visiting his former home in Detroit, says that in his opinion no consequence is to be attached to the Chinese boycott of American trade.

Capt. Sigbee and the American squadron sent on the expedition to receive Paul Jones' body arrived at Cherbourg yesterday and landed amidst ceremonies of impressive character. The quays were lined with lined with people to witness the arrival of the Americans.

Secretary Taft and his party left Washington at 5:20 o'clock yesterday afternoon on their journey to the Philippine Islands. The party will spend four days in San Francisco, which will be reached July 4. Three months are to be consumed in the entire journey to the Philippines and return.

Senator Taft spoke yesterday in defense of Senator Mitchell in the prosecution of the latter in the land fraud case at Portland. He said that the comparative poverty of the old statesman, after twenty-four years' service in the Senate, had induced him to come to his defense and was a fact persuasive of his innocence.

The French Council of Ministers were over the Franco-German negotiations yesterday, and a statement was issued to the effect that negotiations were proceeding satisfactory toward an agreement. At Berlin it was stated, however, that there was not the Guyanese sanguine anticipation of an early settlement of the difficulties.

Secretary Taft yesterday announced the appointment of John F. Stevens of Chicago, as chief engineer of the Panama Canal Commission, to succeed John F. Wallace, resigned. Mr. Stevens will also be general manager of the Panama railroad, but will not be a member of the commission. W. A. Darling, of Chicago, has been tendered the appointment to succeed Mr. Stevens in the work of railway construction in the Philippine Islands.

John F. Wallace gave out a statement in New York last night in reply to Secretary Taft's official version of Wallace's resignation as chief engineer of the Panama Canal Commission. Mr. Wallace says the primary cause which led to his resignation "were underlying and fundamental," and he repeats the charge that his motive in leaving the work was a financial one. He refused to discuss his future plans last night prior to leaving New York for a vacation.

Not a shot was fired either ashore or afloat yesterday at Odessa, and the day, to the surprise of everybody, passed quietly. The mutinous crew of the battleship Potemkin surrendered unconditionally to Vice Admiral Kruger's fleet, and at 5:30 o'clock yesterday afternoon was slowly steaming away in the wake of the squadron. After the shots fired by the Potemkin Thursday night, no further disturbances occurred. Attempts at mutiny at Lihuan and Cronstadt were promptly suppressed, and both places are reported to be quiet.

July 2.

M. Muravieff, Russian Ambassador at Rome, will be chief of the Russian delegation to the peace conference at Washington.

Motions were made in the Swedish Riksdag yesterday placing \$25,000,000 at the disposal of the Government in the present crisis.

France has replied to Germany's last note on Morocco, and the response modifies some of the objections at raised against a conference. The general tenor is said to be favorable to the principle of a conference, and in diplomatic circles the controversy is regarded as practically closed.

The body of the late Secretary John Hay will be taken to Cleveland for burial. The funeral train will leave Newbury, N. H., this morning, and private services will be held in Lakeview Cemetery chapel, in Cleveland, Wednesday morning. President Roosevelt and the members of the Cabinet will attend.

Another mutiny is said to have broken out at Odessa. It is reported that the crew of the Potemkin did not surrender, as agreed, and induced a crew of another battleship to join them. Representatives from the two ships are said to have demanded that the city capitulate or be bombarded. It is feared that other crews will join the mutineers.

Seventeen indictments against men prominently identified with the beef packing industry were returned by the Federal grand jury in Chicago yesterday. Among the defendants are the Armours and Louis F. Swift, president of Swift & Co. Violations of the Sherman anti-trust law are the basis of the charges, it being alleged that various conspiracies in restraint of trade were entered into by the defendants.

DEAFNESS CANNOT BE CURED reach the diseased portion of the ear, by local applications, as they cannot. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be forever lost; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Prestonsburg.

We have just learned of a most serious case of mistaken identity, by which a sandy-haired man was mistaken for a ground-hog. Frank Keathly, of Laynesville, was digging after a ground-hog, when Henry Hale, who also was hunting, mistook his head for a ground-hog, landed sixty-nine shots in his face, back and side, from a breech-loading shotgun. Dr. R. M. Miller removed the shot and dressed the wound, and the patient is doing nicely.

Miss Hattie Milton Jones came in on the 9:25 train last night, and is with the Misses Pauline and Rebecca Cecil. A great many of her friends were waiting at the depot to receive her, as her friends are legion. She is a charming woman and an everlasting talker and one can scarcely get in a word edge-ways when in her society. But the "beauty" about is, she knows something to talk about and is very entertaining.

Rev. J. H. Stambaugh, of Blaine, former pastor of the Christian church here arrived on the 11:40 train today. Rev. Stambaugh and his wife have many friends here who are always delighted to see them.

J. E. Yost is erecting a warehouse, on Second street, that is to be occupied by the Patton Milling Co., of Catlettsburg. This building adjoins the building to be occupied as a branch house by Armour & Co., which also belongs to Mr. Yost.

Chas. Gillespie, wife and pretty little daughter, Vivian, of North Corbin, W. Va., are visiting at the home of his father, Chas. Gillespie, Sr., on Second street.

B. F. Johnson, the hustling mineral and land dealer, is in to attend the directors' meeting of the Pikeville National Bank.

The cold storage building will soon be ready for use.

Prof. T. J. Mullins, of Horton, is in town transacting business. He is not only a successful school man, but is likewise an up-to-date merchant. He is strongly spoken of by both parties as a candidate for Superintendent of Schools of Pike county.

Roscoe Vanover is in Louisville on legal business this week.

W. F. Griffith a splendid all-around engineer and draftsman, as well as deputy surveyor of Pike county, has about completed plans and specifications for a nice bungalow for T. S. Palmer, the stave and lumber man of Marrowbone.

CURSED OF BRIGHT'S DISEASE.

Mr. Robert O. Burke, Elmora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." Sold by Louisa Drug Co.

Paintsville.

Work is progressing rapidly on the High School building. Part of the walls will have to be taken down, and the remainder will be braced. It is said that when the building is finished it will be more substantial than when first built.

Miss Mae Wheatley yesterday returned from Bowling Green, where she was graduated in a business course. Miss Wheatley is a bright young lady, and it will not be difficult for her to secure a good position.

Asbury Patrick, U. S. Deputy Marshal, arrived with the Sheriff of Magoffin county, in whose charge were two prisoners bound to Covington. They morning they left on the early train with the two prisoners from Magoffin and the two postoffice robbers, who were bound over to the October term of the Federal Court at Covington.

SENT HER DOUBLE.

"I knew no one for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knee when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at A. M. Hughes' drug store; price 50c.

INDIGESTION CURED.

There is no case of Indigestion, Dyspepsia, or Stomach trouble that will not yield to the digestive and strengthening influence of Kodol Dyspepsia Cure. This remedy takes the strain off the stomach by digesting what you eat and allowing it to rest. It grows strong again. Kodol Dyspepsia Cure affords quick and permanent relief from indigestion and all stomach troubles, builds up the system and so purifies that disease can not attack and gain a foothold as when in a weakened condition. Sold by Louisa Drug Co.

"Look Pleasant."

What would be the effect upon civilization if everybody would keep constantly in mind that suggestion of the photographer, "Look pleasant." The most difficult part of the photographer's work is to get the subject before the camera to rid himself of the cold, stiff, set expression of his face and to replace it by a genial, kindly look or a smile. He is not willing to reproduce the sullen until he succeeds, because he knows the change of expression will transform the photograph.

How the habit of looking pleasant would revolutionize our nature and civilization itself! If we could only get rid of the hard, eager, worried look habitual to many of us, not for the few seconds we stand before the camera, but for all our lives, how bright the world would grow.—O. S. Marden in Success Magazine.

DOCTORS SAID HE WOULD NOT LIVE.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Poly's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it and after taking three bottles I began to get better and continued to improve until I was entirely well." Sold by Louisa Drug Co.

"Don'ts" for Tobacco Growers.

Don't grow more than you can take care of. One acre of well-handled tobacco will bring you more money than two acres of "hogged tobacco."

Don't starve your tobacco; give it plenty to feed on and feed it on the right kind of food. The extra weight yielded will more than pay the difference.

Don't put all your fertilizer on broad cast before setting out your tobacco crop; save one-third of it to put on at the second hoeing, and cultivate it in. This will carry the crop to a finish of cutting time.

Don't hang your poorest tobacco in the peak of your shed. Put your best tobacco up high and hang the poorest on bottom tiers. The cure in the two of shed is safer and better.

Don't neglect the care when tobacco is in the shed. After growing a good crop there is no sense in letting it spoil by inattention to sheds.

Don't take down your tobacco until it is cured and ready to strip and in right order. Should you have a few fat stems keep them out and tie up in small hands by the tips, using a light dry leaf as a tie, and hang these hands over a lath, butts hanging down. They will soon cure and be fit to take down at a later date.

Don't take down tobacco that is too moist or too dry; wait until it is just right.

Don't put water on your tobacco; see that your crop is in proper condition when taken down and keep it so. Water on tobacco causes nine-tenths of the trouble between buyer and grower. Most of the canker and mold damage are caused by water, and buyers have good cause to reject or dock the price on watered crops.

Don't take down tobacco that is dripping from frozen stalks. Let it drip out and dry off and wait until next damp, in order to avoid the damage and mold caused by drip.

Don't strip and pack into your bundles wet tobacco, rather hang up again to dry off and strip it next damp.

Don't strip the trash and weather-beaten leaf and put it in your bundles with the good tobacco. Keep it separate, and tie it up into hands and bail it while it is in condition to handle it will bring more than if allowed to lie around the sheds in piles to mold and rot.

Don't take too heavy bales; use 40x48 paper, and have box right size to get a bale of about 35 pounds.

Don't use cheap heavy paper; it only breaks and tobacco get broken and dried out. Use the best Manila paper—125 pounds to the ream—40x48. This is light and tough, and the string will not cut, and protects the tobacco and costs less. Heavy cheap paper, 200 pounds to ream, at 3 1-2 per pound, costs \$7 for 480 sheets. Best Manila, 125 pounds to ream, at 5 1-2 cents per pound, costs \$6.15 for 480 sheets.

Don't handle your tobacco as though it was worthless. Try to make even bundles, keeping the leaves as straight as possible and have the bails even. Make your bundle look as if they were packed, not thrown into the bundling box.

Don't pile your bundles in a shed where the snow can blow in on them and melt and damage the tobacco. Pile all your bundles on their sides, not over three tiers high. They won't warm up so quickly, and tobacco will mat together less, making it easier for the sorter to shake out.

Don't neglect to clean your sheds during the summer, and air them out well. A coating of four inches of clean sand over the bottoms of your sheds will pay for itself.

Don't forget that a nice, clean orderly shed and well-handled tobacco make a good impression on a buyer.

—Edward Eggert in Tobacco Leaf.

THE DIAMOND CURE.

The latest news from Paris, is, that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanleer, Tenn. "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequaled quick cure, for Throat and Lung Troubles. At A. M. Hughes' drug store; price 50c and \$1.00, guaranteed. Trial bottle free.

Catarrh of the Bowels Most Common in Summer

Mrs. George W. Taylor, of Eaton, Gibson Co., Tenn., says: "I had had chronic diarrhea for six years. I tried everything I could hear of and had consulted several physicians without avail. My husband bought me a bottle of Peruna and I began to improve at once. I can do anything I ever could, and eat anything without inconvenience; and when I say if it had not been for Peruna I would now be in my grave, I do not think I exaggerate."

Chronic diarrhea is nothing else than catarrh of the bowels.

The remedy that will cure catarrh in one location will cure it in all locations, if it be an internal remedy, operating through the system. Peruna is exactly such a remedy. It is an internal specific for catarrh.

Send for free book on catarrh entitled "Health and Beauty." Sent to women only by Dr. Hartman, Columbus, O.

Nasal CATARRH
In all its stages there should be elimination.
Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and dries away a cold in the least quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents by mail. ELY BROTHERS, 24 Warren Street, New York.

Special Clubbing Offer.

An arrangement has been made by the NEWS by which, for a limited time, we can furnish the Cincinnati Weekly Enquirer and this paper one year for \$1.50. Those wanting to take advantage of this offer should do so as soon as possible, as we do not know how long the arrangement will last.

The weekly Courier-Journal will also be furnished at the same price. Also, we will furnish the Daily Cincinnati Post and the Big Sandy News, both one year, for \$2.50.

The pills act as a tonic, and not as a drastic purge, are DeWitt's Little Early Risers. They cure Headache, Constipation, Biliousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley City, N. D., says: "Two bottles of these Famous Little Pills cured me of chronic constipation." Good for children or adults. Sold by Louisa Drug Co.

CALIFORNIA

Do you want to live where the climate is mild the year round—where labor is never oppressed by stress of weather, and where animal vitality is never lost by mere conflict with cold?

Do you want to live in a region where the resources are more varied than in any other equal area in the world, where the division of great ranches affords a fine opportunity to get a small farm that will assure you a competence?

Do you want to live where, with a minimum of labor, you can grow profitable crops of grapes and small fruit, oranges, lemons, olives, prunes, and almonds, alfalfa and grain, where crops are sure, business is good and capital easily finds profitable investment?

Then go to California, where both health and opportunity await your coming.

The Chicago, Union Pacific and North-Western Line

is the most direct route to the Pacific Coast, and there are two fast through trains daily via this line, over the famous double-track railway between Chicago and the Missouri River.

Special low round-trip rates are in effect via this line throughout the summer to various Pacific Coast points, and colonist low rate one-way tickets will be on sale during September and October, which give an unusual chance for settlers to make the trip at a minimum of expense.

Daily and personally conducted excursions are operated through to San Francisco, Los Angeles, and Portland without change, on which a double berth in a Pullman tourist sleeping car from Chicago costs only \$7.00, via the

The Louisiana baseball club went to
Gurandot, W. Va., and played on July
4th. The result is a sad and humili-
ating story. It is no wonder that
most of the boys feel disgraced. The
score stood 29 to 1. We could not
obtain a list of the players. All deny
having gone to Gurandot.

The Catlettsburg Press says:
Mr. and Mrs. T. D. Marcum enter-
tained a few friends last Wednesday
evening complimentary to Mrs. Kate

Stetson hat. A remarkable fact in
connection with this is that the bal-

with him saw the balloon fall.

Louisiana & Fort Gay Bridge.

The Louisiana pier and the Fort Gay
pier for the Louisiana and Fort Gay
bridge will be finished this week.
T. H. Roberts & Co., the contractors,
have pushed the work very rapidly.
The progress they have made is very
gratifying to the public and to the
subscribers. Unless some unforeseen
trouble occurs in the building of the
two piers on each side of the Point,
the contractors will finish their work
ahead of the time allotted to them.

As the work progresses the enthu-
siasm on the bridge matter increases.
The belief grows stronger and strong-
er that it will prove a good paying
investment from the start, and that
the dividends will increase from year
to year. The results elsewhere on
properly located bridges show this
to be the experience.

With prospects of general develop-
ment now so bright for all this sec-
tion, no one can reasonably take
any other than an optimistic view
of this and all other enterprises
around here. It does not require
the powers of a prophet to foresee
the possibilities of this bridge in
connection with the great enter-
prise that is predicted for the Big
Sandy Valley in another column of
this issue. And we will add that
Louisiana is properly located for var-
ious enterprises, and if we are wise
and active enough to take advantage
of the many opportunities open to
us, we can have a busy, bustling
city here within a few years. Those
who are standing in the way of ad-
vancement by "knocking" on every
new proposition, using their "talents",
refusing to join any movement for
greater progress, should be ignored
by the business community and left
behind in the march of progress.

Scrambling over the few dollars that
come into the community in spite of
the croakers is not the way to build
up a prosperous place. All should
unite in the effort to bring in more
dollars. This may be done only by
making this a producing community.
This cannot be done by the narrow
view of some and the sacrifice
of some time and money on the
part of all.

The Glorious Fourth.

Louisiana was honored by the pres-
ence of a very large crowd on the
Fourth and all seemed to enjoy them-
selves. The weather was pleasant.
A full report of the committee is
published. It will be noticed that
complaint is made therein about the
failure of some of our citizens to
aid in these celebrations. The work
falls upon a very few people and
there are many who refuse to con-
tribute anything. It is hoped that
next year there will be no cause for
complaint on this score. It is a mat-
ter in which everybody should lend
a hand.

A larger crowd is not often seen
in Louisiana. It is the intention of
the committee to begin preparations
earlier next year and have a bigger
time than ever.

Amid the cheers and shouts of the
two thousand, more or less, who had
assembled in Louisiana on the Fourth,
Sam Myers, the nine-year-old grand-
son of J. W. Yates and wife,
ascended the greasy pole (which was
one of the features of the day) and
after several vigorous attempts the
little fellow laid his palm on the top
and won the coveted prize, much to
the delight of the bystanders. May-
be he so successfully gain the prize
of fame and integrity in this world,
and the palm of victory in the Celestial
city of God, is the prayer of his
grand-parents and friends.

Rev. J. Lennie-Smith, who has been
so seriously ill, was out for the first
time this morning. Not being able
to resume his work, he will go to Mus-
ic where he will spend a few weeks,
before going on to the Great Lakes,
where he will spend the remainder
of the summer recuperating.—Ash-
land Independent.

Rev. Smith has charge of the Epis-
copal church at this place, but on
account of illness, was unable to
fill his appointment here last month.
His friends here hope for his speedy
recovery.

New City Marshal.

There has been another change in
the office of City Marshal of Louisiana.
At the regular meeting of the City
Council N. B. McGuire resigned and
J. D. Boggs was elected to the position.
He gave bond at the meeting Wednes-
day night and entered upon the
duties of the office. He has shown
himself to be an officer who treats
all alike and who does his duty fear-
lessly.

Fiscal Court.

A meeting of the Fiscal Court of
Lawrence county was held Wednes-
day. It was called for the purpose
of having a settlement with the Sher-
iff. The Court decided to
employ G. W. Castle to assist the
County Attorney in the matter, and
to have a report ready for presenta-
tion at a meeting of the court to be
held in August.

A number of the following in-
vitations have been issued:
Mrs. J. C. Adams
At home
Friday afternoon
3 to 5
To meet Mrs. F. F. Shannon.

Miss Leta Evans was here this week
the guest of her father, W. T. Evans.
She has just returned from Oklahoma
where she was in school the past
year.

Miss Pannie Howes has returned to
Paintsville after a visit to Louisiana
relatives. She was accompanied home
by Miss Flora Jones.

The Lawrence County Teachers In-
stitute will be held at Louisiana, be-
ginning Monday, July 24th.

BRIDGE

To Span the Ohio River at Ash-
land, Kentucky.

Formal announcement has been
made of the selection of the Ashland-
Ironton site for the Ohio river bridge
which Huntington has been fighting
for. The following clippings from
Cincinnati papers tell of the matter
fully:

Eugene Zimmerman, President of
the C. H. & D., who returned yester-
day from New York, announced that
the new bridge over the Ohio
River would be erected at Ironton,
Ohio, and connect that city with
Ashland, Ky.

The new structure will be erected
by the Ashland and Ironton Bridge
Company.

The bridge will have two railroad
tracks, a wagon road and a footway.
The cost is expected to be fully \$1,
500,000. Work on the new structure
will begin at once, and it is expected
to have it ready for operation by
June of next year.

The new structure will connect the
C. H. & D. and the Detroit, Ironton
and Toledo Railways with the Ches-
apeake and Ohio. There will be exten-
sive freight yards built at Ironton.
—Enquirer.

President Zimmerman, of the C.
H. & D. railroad, announced that Iron-
ton and Ashland will be the site of
the great new railroad bridge over
the Ohio river at that place to con-
nect the C. & O. and the Detroit
Southern, and C. H. & D. This is
one of the most important moves
made in many months, so far as Cin-
cinnati, the Virginia coal fields and
the great coal market of the North-
west are concerned.

Mr. Zimmerman and the financial
interests which are back of him, have
a straight railroad line from the
lakes to the great coal fields of the
Virginia. The purchase of the latter
properties by the Hollins-Zimmerman
syndicate, will be recalled as an
event of quite recent occurrence.

How to get the coal in a "direct
shoot to the lakes" is a question
which has been chosen site
to erect a \$1,500,000 bridge between
Ironton and Ashland by a separate
corporation, a structure which will
also have facilities for foot and ve-
hicle patronage.

The announcement of the location
of the bridge was from Mr. Zim-
merman, as he returned from New York
with Mr. Russell Harding, who is
preparing for a six weeks' stay in
Europe. "We expect to begin work
on the bridge without delay," said
President Zimmerman.—Cincinnati
Times-Star.

The opinion is expressed by many
that this big enterprise is fraught
with important meaning to the Big
Sandy Valley. In fact, it is beyond
question that the bridge will be of
benefit to us, because it puts anoth-
er railroad in touch with our coal
fields. Even if the roads that cross
the bridge never come any farther
in this direction, the mineral re-
sources of the Big Sandy Valley will
thus have another outlet. But the
belief of a number of people is that
the building of this bridge means
another railroad for the Big Sandy
Valley. It is sincerely hoped, of
course, that this opinion may prove
to be correct. Too many facilities for
the transportation of the vast re-
sources of the Big Sandy Valley can
not be provided. They will all be
needed when development gets well
under way.

"O Woman, Great Is Thy Faith."

These words uttered by the Savior
of men, spoken to the heathen wom-
an who came out of the coats of
Tyre and Sidon and heard by His
wondering disciples, formed the
ground work, as it were, of a word
picture drawn by Rev. F. F. Shannon
and presented to a large audience
in the Southern Methodist Church
last Sunday morning. It was a word
picture, pleasing in every detail—
delicate and beautiful in figure and
design, gratifying to the ear, and
so vivid that the eye could see as
well as the ear could hear the loving
Master of men, the impatient apostles
and the woman appealing for the
restoration of her stricken child.

Mr. Shannon began by speaking of
masterpieces of art, especially of
painting. He told how a picture
would please the sight, even if it
would please a distance. But it would
require, even as one did which he
had lately seen, a close inspection
to reveal the delicacy and correctness
of detail and finish. This closer ex-
amination, and this only, would show
to us the true beauty of the picture.
And there were masterpieces of the
Bible whose true worth and intrinsic
beauty could be known only by him
who made a close study of the sacred
record. And this fifteenth of Mat-
thew is one of them. The speaker,
who had read a few verses of the
chapter, including the 28th, which
contains the declaration which heads
this necessarily brief notice of a
magnificent sermon, then proceeded
to elaborate the subject he had cho-
sen; and for keenness of analysis,
clearness of logic and beauty and
breadth of conception we have sel-
dom heard its equal. We have more
than once heard the subject dis-
cussed by able and eloquent men,
but it remained for our Louisiana
to develop an understanding of his
topic and to reveal to his hearers
a beauty and a lesson hitherto un-
known to us.

Mr. Shannon's sermon was a grand
one, full of apt and faultless meta-
phor, punctuated with illustrative
incident, and withal warmed with a
religious feeling which made the dis-
course doubly acceptable to the de-
vout listener. At night he preached
another fine sermon to a very large
congregation at the M. E. Church.

In the pretty baby contest the vote
was so nearly divided between four
of the contestants that the commit-
tee was unable to decide the winner,
and therefore no decision was made.

The Band furnished splendid music
and the committee desires to thank
them individually and as a whole.
All the expense for the brass band
amounted to \$17.11, which was paid
to Prof. Ellis as expenses. The de-
corations, flags, wagons, ice and fire
works, etc. were only \$23.50; the
prizes \$18.00, leaving a small bal-
ance in the Treasury for next year.
Thanks are due G. W. Castle and
R. Rev. Samuel Betts for their ser-
vices. Rev. Betts' only charge was
for his expense from Cincinnati, \$5.00.

The committee hope when July 4th,
1906, rolls around, more Louisiana peo-
ple will show an interest by de-
corating a wagon, buggy, or other
vehicles and get in the parade. We
hope the four or five thousand vis-
itors, enjoyed themselves. Again
thanking all who kindly assisted us
we are,
Respectfully yours,

Railroad News.

Washington, July 3.—It appears
from what is heard here in Wash-
ington that there are several deals
going on looking to the construction
of new railroads which will materially
affect Virginia and Kentucky. Of
course, the one that just at this
time is possessed of the most interest
is the Tidewater road. Over a hun-
dred miles of the West Virginia end of
it has been completed and work has
been begun on a hundred mile sec-
tion of it in Virginia. The road will
cross both the Chesapeake and Ohio
and the Norfolk and Western, and
will break up the control of the West
Virginia coal fields in Pennsylvania
interests. Besides H. H. Rogers, the
Mortons and the Paynes and Whit-
neys are back of the Tidewater.

There is said to be a probability
that this new Virginia, Missouri and
Western project, which is said to have
for its end the construction of a trans-
continental road through Virginia,
West Virginia, Kentucky and on to
the Pacific is connected with the
Tidewater enterprise.

The Louisa Flour Mills.

The Louisa Flour Mills have shut
down and will probably not run any
more until new wheat comes in, by
which time it will doubtless be under
new management. Mr. John G. Burns
will not renew his lease. It is due
to Mr. Burns to say that he has given
entire satisfaction to his patrons
during the time he has had charge
of this mill. He has dealt fairly
and honestly with all, and has given
very prompt service, no one hav-
ing to wait for flour in exchange for
wheat.

Fannin and Becker.

The Republicans of Lawrence county
held a convention Saturday and
instructed for W. L. Andrews, of
Ashland, for State Senator and B.
O. Becker, of Ashland, for Legisla-
ture. The district convention was
held in Ashland on Monday and the
two gentlemen above named were
nominated. Mr. Andrews declined the
honor and J. A. Fannin, of Elliott
county, was nominated for Senator.

An election was held last Saturday
to fill two vacancies on the Board
of Education of the Louisa school
district. Revs. H. B. Hewlett and
L. M. Copley were chosen. The
Board is now composed of these two
gentlemen and F. A. Johnson and
M. F. Conley.

CHARLEY.
United in marriage, Monday, Miss Gypsy Spencer to Dr. J. C. Wheeler. The ceremony was performed at 6 p. m., in the presence of a large crowd of their friends and relatives by the Dr.'s grand father. Supper was served immediately after the ceremony. A most enjoyable and pleasant time was spent by all present. We wish the young couple a long and happy life. May sorrow and trouble be far from them at all time. Quite a number of our people attended church at Little Blaine Sunday.

Some of the young people from George Creek were here Sunday. Hava Moore has bought the Bell Kise store at the mouth of Meads branch and is to begin business Tuesday.

Born, to Lys Pack and wife a big boy.

Aunt Jane Judd is very sick at the present writing.

The continual rains are bad on the oat harvest.

Frank Cooksey is suffering from a bruised shoulder.

Ed Austin has returned home from Red Jacket, Va.

R. B. Spencer was visiting in Charley Friday.

E. L. Moore, who is having an additional story added to his house, has a wonderful improvement in the looks of our little town and also added great beauty and comfort to his home. Gus Moore harvested a fine crop of hay last week.

Misses Minnie and Tella Hinkle were visiting on Meads branch Saturday and Sunday.

Wesley Judd, of Coal, was a visitor here last week.

We are sorry to hear of the death of Bro J. E. Conley's daughter, and extend our heartfelt sympathy to the bereaved.

Preaching here next Sunday, "Me."

SHE TRIED FIVE DOCTORS.
Mrs. Frances L. Sales, of Missouri Valley, Ia., writes: "I have been afflicted with kidney trouble five years; had severe pains in my back and a frequent desire to urinate. When riding I experienced much pain over the region of the kidneys. I tried five physicians without benefit and then concluded to try Foley's Kidney Cure. After taking three \$1.00 bottles I was completely cured." Sold by Louisa Drug Co.

Maggie Chapman is going to Huntington to spend the summer.

Miss Gypsy Diamond was shopping in Busseyville last Friday.

Maggie Chapman and John Chapman attended church at Evergreen last Sunday.

Miss Mattie Akers has returned home from a visit to her brothers at Blaine.

Jim Pinson had the misfortune of cutting his foot last week.

Driving seems to be all the go on Lick creek.

Ross Boggs and family, of Thacker, are visiting homefolks.

Miss Stella Jones is visiting in Iron-ton this week.

Lennie and Joe Fugitt were the guests of Gypsy Diamond Sunday.

Burl Jones, of Iron-ton, is home for a few days.

Every man ought to, some time between the first and fifteenth of each month, go through his pockets and mail the letters his wife has given. There is nothing so quickly acquired as this habit where one puts mind to it.—Springfield, (O.) Sun.

OUR NEIGHBORS.
Allen C. Bramfield, a Lincoln county, W. Va., feudist and a prominent merchant and citizen died last week.

Jas. Morrell, of the firm of the Powers Supply Company, Prestonsburg, was married to Miss Mattie Rice, of East Point last week.

Miss Eva Chapman, of Catlettsburg, is now the efficient assistant of Mrs. E. J. Eversole in her skirt making establishment.—Catlettsburg Press.

Julian Earl caton, city editor of the Huntington Advertiser, and Miss May P. Shearer, of Barboursville, were married at the residence of the bride at Barboursville.

On account of ill health and on advice of his physician, Rev. Martin, of this M. E. Circuit, will resign and return to his home near Corbin, this State.—Grayson Tribune.

At Morehead Wednesday of last week two popular couples were married. They were Miss Mae Bradley, Mr. Irvin Rhodes, of Pittsburg, and Miss Anna Knapp and Mr. Jas. Clay.

Salsersville, Ky., June 28.—In a general fight at Ivyton Reuben Hamilton was stabbed by James Honaker, receiving seven wounds. Attending surgeons report little chance for his recovery.

Married.—at Vessie, Lawrence county, Miss Nettie Shivel to John McClure. The bride will be remembered as the pretty and vivacious sister of Mrs. Will Roberts, of this place. The latter attended the wedding.—Grayson Tribune.

The Shriners of the Blue Grass State, who will meet at Louisville about the middle of July, will adjourn there to meet at Clyffside Park month, for the purpose of conferring the secret work upon a large class. The meeting will be a most interesting one and a large number of unregenerates will cross the hot sands of the desert.—Catlettsburg Press.

A stranger was shot and instantly killed near Naughtuck Tuesday of last week. He carried \$1233 pinned to his undershirt. Papers were found in his pockets, but none in any way assisted in proving the identity of the man. It is said he was shot by Geo. Workman, who thought the stranger was Bill Sheppard, an enemy of Workman's.

Tuesday while repairing and painting the water tank at the N. & W. round house here, the hoops had been taken off and the men were instructed not to let more than five feet of water in the tank, but nevertheless it was filled and the pressure proved too great for during the night the tank fell to pieces flooding everything close by for a little while. The tank is speedily being erected again.—Ceredo Advance.

When McCrager Napier died at his home, on First creek, in Perry county, about two years, he requested that his gold watch should be buried with him, which was done, and nothing more was thought about the matter till a few days ago, when it is reported, James Napier, his oldest son, was seen with the watch. An examination of the grave showed that it had been opened, and the son is suspected of having gone into the grave for the watch. There is considerable excitement in that neighborhood about the matter.—Breathitt News.

A picture in the window of the Hutchinson and Stevenson hat store Monday attracted much attention and persons, who had been complaining of the excessive heat immediately subdued after inspecting it.

It was a picture of the Davis sisters, of Centerville, Wayne county. The older, who is 22 years of age, weighs 713 pounds and is so large that she cannot walk. Neither can she talk. The younger, who is 17 years of age, weighs 575 pounds but she has hopes to equal her sister in size, when she reaches her full growth. The sisters live in a log cabin, and they have steadfastly refused offers from the managers of circuses to travel in the side shows.—Charleston Mail.

Frankfort, Ky., July 1.—Mrs. Edna Evans, of Martin county, sentenced to confinement in the State penitentiary for two years for manslaughter, was granted a respite and parole to-day by Gov. Beckham upon her arrival at the prison carrying in her arms a babe seven weeks old. She was taken back to her home late this afternoon, and application will be made for a full pardon for her. The Governor will not order her returned to the penitentiary, and officials of the district and county are ordered to respect her parole.

In the official papers granting respite and parole, Gov. Beckham says "It would be inhuman to confine this woman and child in the penitentiary." Mrs. Evans was brought here by Sheriff Fletcher, of Martin county, who took her to the prison. Her crime was the killing of another woman whom she charged with having alienated the affections of her husband. The killing took place two years ago, but Mrs. Evans has never been confined in the jail of her county, being allowed to remain at home until the case was called for trial. She is but twenty-seven years of age and has another child, a tot of three years.

FORCED TO STARVE.
B. F. Leek, of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Bucklin's Arnica Salve." It's great for burns, cuts and wounds. At A. M. Hughes' drug store; only 25c.

Weak Hearts
Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, putting it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased. Mr. D. Canby, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."
Kodol Digests What You Eat
and relieves the stomach of all nervous strain and heart of all pressure. Bottles only \$1.00. Size holding 2 1/2 times the bulk size, which sells for 50c.

OBITUARY.
On Saturday morning, June 17 at the sunning was sending its rays through the home of Capt. O. M. Frasher, the Angel of death came and took from that home the husband and father, and the spirit took its flight to the glory land. Mr. Frasher was born August 23, 1837. He married Eda Stone about 40 years ago to this union were born eleven children—seven boys and five girls—of which only seven survive him four boys and three girls. He was a loving husband, a dear father and kind neighbor in the noblest sense. Therefore, who could measure the loss of a dear father, or who will attempt to fathom the depth of sadness and emptiness that lingers an unbidden guest in that home and neighborhood. The fragrance of his life will abide with us and we hope will help to better our fleeting days. Those who knew Bro. Frasher best realize how true was his life and how merrily his fight against wrong and now with the sorrow and gloom which has never been divorced from death let us weep a requiem our time will soon pass and we will have to go as Bro. Frasher has now the bitter anguish of those bereavements we pray may yield their influence to us for good memory with gentle touch brings balm to our wounded hearts. It keeps before us the image of departed ones. Father is gone. He was laid under the sod at Mount Nebo by the side of his children where dust shall be resolved to dust again now let us amid earth's sobbing voices listen to a heavenly note wherever death has visited heart and home saying I am the resurrection and the life. Bro. Frasher told his wife and children standing around his dying bed a short time before his death, for them not to grieve for he was ready to go. He said he saw a pretty place and pretty people and told us not to fear nor doubt for he was all right; he said he was going to be with his children that had gone before. Funeral rites conducted by Rev. Wilson Ray, Neel.

After rest from sin and sorrow, Death is o'er and life is won. On the slumber dawns no morrow, Rest thine earthly race is run. S. Q.

DO YOU WANT STRENGTH?
If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure adds to the strength in the human system. It is pleasant to the taste and palatable, and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength-giving qualities. Sold by Louisa Drug Co.
